RE: Address Change

I have contacted the City Building Official and the City Fire Inspector in response to your request for re-addressing your house to 6817 157th Pl SW and we have all concurred that new addressing needs to be done.

The house permit was issued under 6821 157th Pl SW, but it is the City's understanding that all subsequent paperwork (mortgage, etc.) was issued under 6817 157th Pl SW and that the house numbers were posted as 6817. City records and utility billing are the only departments that have ever used 6821 157th Pl SW. Therefore, your address will be changed, per your request.

The City will notify all applicable City departments of this address change. It will be your responsibility to notify all others, including the Post Office, if necessary.

Thank you,

Sharon Nolan
Permit Coordinator
