Fire Department, three fires-----	90.00		

A motion was made by Chandler and seconded by McGibbon that the Mayor and Clerk be instructed to execute the contract of Federal Pipe & Tank Co. for the building of a water tank and tower in South Edmonds. Motion carried.

Resolution of Intention #112 was brought before the Council for a hearing. It is their intention to improve the alley in Blocks 77 and 68, from a point 27 feet West of Ninth Street to a point 270 feet East of Ninth Street, by the construction of a six inch lateral sanitary and storm sewer. There being no protests against the sewer a motion was made by McGibbon and seconded by Savage that the Attorney be instructed to prepare an Ordinance creating an L. I. D. District to take care of the same. Passed by a unanimous vote of the Council.

Mr. Morris came before the Council and reported that the sidewalk had been damaged on fifth street from trucks driving over it. A motion was made by Savage and seconded by Chandler that Mr. Morris be given permission to replace the sidewalk according to the established grade. Carried.

A motion was made by Chandler and seconded by Clausen that Fred McDonald be charged \$25 for the damage of sidewalk and culvert on South Fifth Street, that was damaged by his tractor. Motion carried.

A motion was made by Clausen and seconded by Jones that the Clerk notify O. C. Kelly to use the alley instead of driving over the sidewalk on sixth street. Motion carried.

The Clerk was instructed to write the Federal Works Agency for application blanks to be filled out for post-war work.

Water superintendent Doty reported that a house was being built 95 feet from the water pump house. A motion was made by Chandler and seconded by Roscoe that the Clerk write to the State Health Department about this condition. Motion carried. A motion was made by McGibbon that we get information from the Health department in regards to building near our water districts so this will not happen again.

Councilman McGibbon reported that the Richfield Service Station was dumping their drainage oil in the alley. A motion was made by Clausen and seconded by Roscoe that the Clerk notify Richfield Service that he must clean up the mess. Motion carried.

There being no further business the meeting adjourned.

Anita Gust  
Assistant City Clerk

H. P. Fourtner  
Mayor
